INFORMATION CIRCULAR
(as at May 8, 2017 except as otherwise indicated)

SOLICITATION OF PROXIES

This information circular (the “**Circular**”) is provided in connection with the solicitation of proxies by the management of Coro Mining Corp. (the “**Company**”). The form of proxy which accompanies this Circular (the “**Proxy**”) is for use at the annual general meeting of the shareholders of the Company to be held on Thursday, June 15, 2017 (the “**Meeting**”), at the time and place set out in the accompanying notice of meeting (the “**Notice of Meeting**”). The Company will bear the cost of this solicitation. The solicitation will be made by mail, but may also be made by telephone.

APPOINTMENT AND REVOCATION OF PROXY

The person named in the Proxy is an officer of the Company. **A registered shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by striking out the printed names and inserting the desired person's name in the blank space provided.** The completed Proxy should be delivered to Computershare Investor Services Inc. by 8:00 a.m. (Pacific time) on Tuesday, June 13, 2017 or not less than 48 hours, (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting at which the Proxy is to be used.

The Proxy may be revoked by:

- (a) signing a proxy with a later date and delivering it at the time and place noted above;
- (b) signing and dating a written notice of revocation and delivering it at the time and to the place noted above; or
- (c) attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

Provisions Relating to Voting of Proxies

The shares represented by Proxy in the form provided to shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing him or her. If there is no direction by the registered shareholder, those shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditors as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the management of the Company (the “Management”) knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold common shares in their own name. Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who

otherwise do not hold their common shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders who appear on the records maintained by the Company’s registrar and transfer agent as registered holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those common shares will, in all likelihood, not be registered in the shareholder’s name. Such common shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such common shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the Proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**Broadridge**”) in Canada. Broadridge typically prepares a machine-readable voting instruction form (“**VIF**”), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote common shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of common shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted. If you have any questions respecting the voting of common shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who object to their identity being known to the issuers of securities which they own (“**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities which they own (“**NOBOs**”). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

The Company has distributed copies of the Notice of Meeting, Circular and VIF directly to NOBOs.

The Company's OBOs can expect to be contacted by Broadridge or their brokers or their broker's agents. The Company will assume the costs associated with the delivery of the Notice of Meeting, Circular and VIF, as set out above, to OBOs by intermediaries.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. NI 54-101 allows a Beneficial Shareholder who is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 8:00 a.m. (Vancouver time) on the day which is at least three business days prior to the Meeting. **A Beneficial Shareholder who wishes to attend the Meeting and to vote their common shares as proxyholder for the registered shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered shareholders of the Company as set forth on the list of registered shareholders of the Company as maintained by the registrar and transfer agent of the Company, Computershare Investor Services Inc., unless specifically stated otherwise.

Financial Statements

The audited consolidated financial statements of the Company for the year ended December 31, 2016, together with the auditor's report on those statements, will be presented to the shareholders at the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As at the date of the accompanying Notice of Meeting, the Company's authorized capital consists of an unlimited number of common shares without par value. To the knowledge of the directors and executive officers of the Company, as of May 8, 2017, the following persons beneficially own, directly or indirectly, or exercise control or direction over, directly or indirectly, 10% or more of the issued and outstanding common shares of the Company:

ELECTION OF DIRECTORS

The directors of the Company are elected annually and hold office until the next annual general meeting of the shareholders or until their successors are elected or appointed. Management proposes to nominate the persons listed below for election as directors of the Company to serve until their successors are elected or appointed. In the absence of instructions to the contrary, Proxies given pursuant to the solicitation by Management will be voted for the nominees listed in this Circular. Management does not contemplate that any of the nominees will be unable to serve as a director. The number of directors on the board of directors (the “**Board**”) of the Company was fixed at six and shareholders will be asked at the Meeting to pass an ordinary resolution to fix the number of directors for the ensuing year at five.

As part of its on-going review of corporate governance practices, on March 15, 2013 the Board adopted a policy providing that in an uncontested election of directors, any nominee who receives a greater number of votes “withheld” than votes “for” (a “**Majority Withhold Vote**”) will tender his or her resignation to the Chairman of the Board or the Company’s Corporate Governance and Nominating Committee promptly following the shareholders’ meeting. The Corporate Governance and Nominating Committee will consider the offer of resignation and will make a recommendation to the Board on whether to accept it. The Corporate Governance and Nominating Committee and the Board will evaluate any such tendered offer of resignation, in accordance with their fiduciary duties to, and in furtherance of the best interests of, the Company and its shareholders. The Board may accept or reject the offer of resignation, or it may decide to pursue additional actions, including, without limitation, the following:

- allow the director to remain on the Board and continue to serve but not be nominated for re-election to the Board at the next election of directors;
- defer the acceptance of the resignation until the director vacancy created by the resignation can be filled by the Board with a replacement/successor director meeting all the necessary qualifications and criteria for Company directors and satisfying all other legal and regulatory requirements with respect to the composition of the Board (such as “independence” requirements established by securities regulators or securities exchange listing requirements);
- defer the acceptance of the resignation if it is determined that the underlying cause of the Majority Withhold Vote can be cured by the director or otherwise within a specified period of time (such as if the Majority Withhold Vote was due to the relevant director receiving such vote serving on the board of directors of another entity, by resigning from such other board); or
- defer the acceptance of the resignation for other reasons determined by the Board to be in the best interests of the Company in the exercise of its fiduciary duties and business judgment.

The Board’s decision will be disclosed in a news release within four business days after the decision.

The following table sets out the names, province or state and country of residence of the nominees for election as directors, the offices they hold within the Company, their principal occupations, business or employment within the five preceding years, the period or periods during which each director has served as a director of the Company, and the number of shares of the Company and its subsidiaries which each beneficially owns, directly or indirectly, or over which control or direction is exercised, as of the date of this Circular:

Corporate Cease Trade Orders or Bankruptcies

Other than disclosed below, no director or proposed director of the Company is, or within the ten years prior to the date of this Circular has been, a director or executive officer of any company, including the Company, that while that person was acting in that capacity:

- (a) was the subject of a cease trade order or similar order or an order that denied the company access to any exemption under securities legislation for a period of more than

30 consecutive days; or

- (b) was subject to an event that resulted, after the director ceased to be a director or executive officer of the company being the subject of a cease trade order or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
- (c) within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

In October 2006, Pine Valley Mining Corporation, formerly listed on the Toronto Stock Exchange (the “Exchange”), filed for creditor protection under the *Companies’ Creditors Arrangement Act*. Gordon Fretwell resigned as a director of Pine Valley Mining Corporation the year prior to its filing for creditor protection.

Individual Bankruptcies

No director or proposed director of the Company has, within the ten years prior to the date of this Circular, become bankrupt or made a proposal under any legislation relating to bankruptcy or insolvency, or been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of that individual.

COMPENSATION DISCUSSION & ANALYSIS

Compensation Discussion & Analysis

The Compensation Committee directs the design and provides oversight of the Company's executive compensation program and has overall responsibility for recommending levels of executive compensation that are competitive in order to attract, motivate and retain highly skilled and experienced executive officers. The Compensation Committee does not have a formal compensation program with set benchmarks, however, the Compensation Committee does have an informal program which seeks to reward an executive officer's current and future expected performance and the achievements of corporate milestones and align the interests of executive officers with the interest of the Company's shareholders.

The Compensation Committee has not formally considered the risks associated with the Company's compensation policies and practices. The Company's compensation policies and practices give greater weight toward long-term incentives to mitigate the risk of encouraging short term goals at the expense of long-term sustainability. The discretionary nature of annual bonus awards and option grants are significant elements of the Company's compensation plans and provide the Board and the Compensation Committee with the ability to reward historical performance and behaviour that the Board and the Compensation Committee consider to be aligned with the Company's best interests.

The Company has attempted to minimize those compensation practices and policies that expose the Company to inappropriate or excessive risks.

The Company has not established a policy on whether or not a NEO or director is permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

The compensation awarded to, earned by, paid to or payable to each of the NEOs for the most recently completed financial year is set out under the heading, "*Compensation Discussion & Analysis – Summary Compensation Table*".

Compensation Review Process / Compensation Governance

The Compensation Committee reviews on an annual basis the cash compensation, performance and overall compensation package of each executive officer, including the NEOs. It then submits to the Board recommendations with respect to basic salary, bonus and participation in share compensation arrangements for each executive officer.

The Compensation Committee ensures that the Company has an executive compensation plan that is fair, motivational and competitive, so that it will attract, retain and incentivize executive officers of a quality and nature that will enhance the growth and development of the Company.

In establishing levels of remuneration, stock option and bonus grants, the Compensation Committee is guided by the following principles:

- compensation is determined on an individual basis by the need to attract and retain talented, qualified and effective executives;
- total compensation is set with reference to the market for similar positions in comparable

companies and with reference to the location of employment; and

- the current market and economic environment.

For the year ended December 31, 2016, the Compensation Committee was comprised of three independent directors; Mr. Webster, Mr. Haworth (Chair) and Mr. Kinley. The Board is satisfied that the composition of the Compensation Committee ensures an objective process for determining compensation. All members of the Compensation Committee have had significant experience in the mining sector, including the junior exploration sector and on other boards of directors. The responsibilities, powers and operation of the Compensation Committee are included in the Compensation Committee Mandate which is included in Appendix A.

Objectives

The objectives of the Company's NEO compensation program are to: (a) attract, motivate and retain high-calibre NEO's; (b) align the interests of the NEOs with those of the Company's shareholders; and (c) incentivise the NEOs to continuously improve operations and execute on corporate strategy. The NEO compensation program is, therefore, designed to reward the NEOs for increasing shareholder value, and improving operations and executing on corporate strategy.

Assessment of Individual Performance

Individual performance in connection with the achievement of corporate milestones and objectives is reviewed by the Compensation Committee for all executive officers. While awards are generally tied to performance against quantitative objectives, consideration is also given to an individual's qualitative contribution to the Company. For example, the Compensation Committee will evaluate the individual's leadership skills, commitment to the Company's shareholders, innovation and teamwork.

As the Company has a small team of executive officers, a high degree of commitment and performance is required from each individual to achieve corporate milestones and objectives. This high degree of commitment and performance was demonstrated in 2016 by each executive officer with the following accomplishments:

- each executive officer's consistent and focused leadership, evidenced during challenging times;
- each executive officer's leadership in strengthening the Company's ability to manage risk, especially during the Company's transition from exploration stage to development stage; and
- each executive officer's role in the enhancement of the Company's profile in the public marketplace.

Elements of Executive Compensation

There are three main elements of direct compensation, namely base salary, contracted bonuses and equity participation through the stock option plan, which was adopted by the Company on July 10, 2007 and subsequently amended on June 29, 2010 and February 18, 2011 (the "**Stock Option Plan**"). The Stock Option Plan was last approved by the Company's shareholders at the annual general and special meeting held July 16, 2015. The Stock Option Plan is further discussed under the heading, "*Compensation Discussion & Analysis - Stock Option Plan*".

The Compensation Committee relies on the experience of its members as officers and directors of other companies in similar lines of business as the Company in assessing compensation levels. These other companies are identified under the heading "*Corporate Governance Disclosure – Directorships*" of this Circular. The purpose of this process is to:

- understand the competitiveness of current pay levels for each executive position relative to companies with similar business characteristics;
- identify and understand any gaps that may exist between actual compensation levels and market compensation levels; and
- establish as a basis for developing salary adjustments and short-term and long-term incentive awards for the Compensation Committee's approval.

To date, no specific formulas have been developed to assign a specific weighting to each of these components. Instead, the Board considers the Company's performance and assigns compensation based on this assessment and the recommendations of the Compensation Committee.

Base Salary

In determining the base salary of an executive officer, the Compensation Committee places equal weight on the following factors;

- current economic and market environment; and
- development stage and opportunities for the Company.

The Company has employment agreements with each of its NEOs. The agreements specify the terms and conditions of employment, the duties and responsibilities of the executive during this term, the compensation and benefits to be provided by the Company in exchange for the NEO's services, the compensation and benefits to be provided by the Company in the event of a termination of employment not preceded by a change of control of the Company and the compensation and benefits to be provided by the Company in the event of a change of control of the Company.

The compensation paid to the NEOs other than Mr. Rivera and Mr. Cortes is denominated in Canadian dollars. For the purposes of calculating the Canadian dollar equivalent of the Chilean Peso, the following rates were used to convert the Chilean Peso amount to a Canadian dollar amount:

Month	Chilean Peso	Month	Chilean Peso	Month	Chilean Peso
Jan	508	May	526	Sep	510
Feb	510	Jun	528	Oct	501
Mar	515	Jul	505	Nov	495
Apr	522	Aug	506	Dec	500

The significant terms of each of the NEO's employment agreements are as follows:

Employment Agreement – Mr. Stephens

Mr. Stephens currently receives an amount of \$18,333 per month pursuant to an employment agreement dated for reference January 1, 2012, as amended by an agreement dated effective April 1, 2012 entered into by the Company and Mr. Stephens, pursuant to which Mr. Stephens provides his services as the President and Chief Executive Officer of the Company. Effective June 1, 2013, Mr. Stephens temporarily reduced his salary from \$18,333 to \$8,333 per month in order to conserve the Company's treasury and on January 1, 2016 Mr. Stephens' salary was reinstated at \$18,333. The Company has also established a bonus scheme for Mr. Stephens whereby certain options vest upon the approval of the Company's San Jorge project in Argentina and certain options vest upon the completion of NI 43-101 compliant resource that meets the Company's requirement on the Company's option agreements for the Berta and Payen properties in Chile.

Employment Agreement – Mr. Towns

Mr. Towns currently receives an amount of \$16,667 per month pursuant to an employment agreement dated for reference January 1, 2012, as amended by an agreement dated effective July 1, 2015 entered into by the Company and Mr. Towns (these agreements are collectively referred to as the “**Towns’ Employment Agreement**”), pursuant to which Mr. Towns provides his services as the Chief Financial Officer of the Company. Pursuant to the Towns’ Employment Agreement, it was agreed that Mr. Towns would be paid \$16,667 per month (the “**Standard Fee**”) for providing his services to the Company, however the Towns’ Employment Agreement also provides that Mr. Towns and the Company agree to temporarily reduce the Standard Fee to \$14,583 per month in order to allow Mr. Towns to provide services to Bearing Resources Ltd. (“**Bearing**”) as its Chief Financial Officer. Upon the earlier of the termination of Mr. Towns’ role as Chief Financial Officer of Bearing or mutual consent between the Company and Mr. Towns, the amount payable to Mr. Towns would return to the Standard Fee. Effective July 1, 2016 Mr. Towns resigned as Chief Financial Officer and Corporate Secretary of Bearing and in accordance with the terms of the Towns’ Employment Agreement, his salary was reinstated at the Standard Fee.

Employment Agreement – Mr. Cortes

In September 2006, the Company entered an employment agreement with Mr. Cortes pursuant to which he is employed for a gross salary denominated in Chilean Pesos until such time as his employment agreement is terminated by the Company or he resigns. As is common in Chile, Mr. Cortes’ contract is indexed for cost of living adjustments and this, coupled with various amendments due to his increasing responsibilities with the Company, resulted in his salary being equivalent to US\$190,000 a year at such time. The Company also agreed to a one-time bonus of US\$80,000, which has been paid, upon approval of San Jorge Environmental Study and a bonus of US\$190,000 payable in two equal installments - the first payment to be made after completion of pre-feasibility study and the second payment to be made upon completion of a positive definitive feasibility study. Effective May 1, 2011, Mr. Cortes’ salary was increased to the equivalent of US\$250,000.

Effective January 1, 2014, Mr. Cortes’ employment agreement was terminated and he entered into a consulting contract for CLP 10,414,190 (~US\$19,750) a month with quarterly consumer price index adjustments. As of December 31, 2016 his consulting agreement is the equivalent to US\$249,601.

Employment Agreement – Mr. Rivera

On November 1, 2011, the Company entered into an employment agreement with Mr. Rivera whereby he is employed for a gross salary denominated in Chilean Pesos until such time as his employment agreement is terminated by the Company or he resigns. As is common in Chile, Mr. Rivera’s contract is indexed for cost of living adjustments, his salary as of December 31, 2016 is equivalent to US\$303,067. The Company also agreed to the following bonus plan for Mr. Rivera:

- (a) a bonus of US\$285,000 for each project acquired by the Company or its subsidiaries after January 1, 2012 that reaches the stage of an NI 43-101 resource meeting the Company’s criteria. Three months’ of this bonus may be advanced once the Company considers that a significant discovery has been made;
- (b) an additional bonus of US\$285,000 for each project acquired by the Company or its subsidiaries after January 1, 2012 that reaches the feasibility stage or that is sold to a third party for more than \$10 million;
- (c) a bonus of US\$142,000 for each project acquired by the Company or its subsidiaries before January 1, 2012 that reaches the stage of an NI 43-101 resource meeting the

Company's criteria; and

- (d) an additional bonus of US\$142,000 for each project acquired by the Company or its subsidiaries before January 1, 2012 that reaches the feasibility stage or that is sold to a third party for more than \$10 million.

Employment Agreement – Mr. Philpot

Pursuant to an employment contract dated effective March 1, 2012 entered into by the Company and Mr. Philpot, Mr. Philpot was to receive an amount of \$12,500 per month until such time as the employment agreement is terminated by the Company or Mr. Philpot resigns. Subsequent to entering into this employment contract, Mr. Philpot agreed to temporarily reduce his salary to \$100,000 per year. Effective September 16, 2016, Mr. Philpot retired as Executive Vice President and a director of the Company, however in order to assist in the transition of the Company subsequent to his retirement, Mr. Philpot agreed to provide consulting services pursuant to a consulting services agreement made as of September 16, 2016, pursuant to which Mr. Philpot was paid \$12,500 per month for a period of six months. This agreement expired on March 15, 2017.

Stock Option Plan

In the Company's view, encouraging its executive officers and employees to become shareholders of the Company is the best way to align their interests with those of the Company's shareholders. Equity participation is accomplished through the Stock Option Plan.

The Compensation Committee is mandated to review and make recommendations to the Board regarding the remuneration of executive officers; the granting of stock options to directors, executive officers and key employees and consultants of the Company; and the remuneration and compensation policies of the Company, including the Stock Option Plan. The members of the Compensation Committee are identified under the heading, "*Election of Directors*".

The purpose of the Stock Option Plan is to advance the interests of the Company and its shareholders by encouraging these individuals to acquire shares, thereby increasing their proprietary interest in the Company and encouraging them to remain associated with the Company. Grants under the Stock Option Plan are intended to provide long-term awards linked directly to the market value performance of the Company's shares.

Individual grants are determined by an assessment of the individual's current and expected future performance, level of responsibilities, the importance of his or her position, his or her contribution to the Company and previous option grants and exercise prices, including:

- (a) the remuneration paid to the employee or consultant as at the award date in relation to the total remuneration payable by the Company to all of its employees and consultants as at the award date;
- (b) the length of time that the employee or consultant has been employed or engaged by the Company; and
- (c) the quality of work performed by the employee or consultant.

Eligible Participants

The Stock Option Plan provides that options may be granted to directors, officers, employees or consultants of the Company or its affiliates. The Stock Option Plan does not limit insider participation and does not provide for a maximum number of shares which may be issued to an individual pursuant to the Stock Option Plan and any other share compensation arrangement.

Shares Available for Issuance

The Stock Option Plan provides for the issuance of stock options to acquire at any time up to a maximum of 10% of the Company's issued and outstanding common shares. The Stock Option Plan is considered a "rolling" stock option plan as the number of common shares available for issue increases with the number of the Company's issued and outstanding common shares. The Stock Option Plan is also considered an "evergreen" stock option plan as when a stock option expires or otherwise terminates for any reason without having been exercised in full, the number of common shares reserved for issuance under that expired or terminated option again become available for the purposes of the Stock Option Plan.

Expiration or Termination

A stock option held by an employee or consultant will expire immediately in the event an employee or consultant ceases to be an employee or consultant, as applicable, as a result of termination for cause or as the result of an order of the British Columbia Securities Commission or the Exchange. In the event the employee or consultant ceases to be an employee or consultant as a result of termination without cause or resigns, a stock option will expire 60 days following the date the person ceases to be an employee or consultant. In addition, a stock option will expire 90 days after a director ceases to be a director unless the director continues to be an employee of the Company in which case the expiry date will remain unchanged. If a director ceases to be a director of the Company as the result of: (a) ceasing to meet the qualifications contained in the *Business Corporations Act* (British Columbia); (b) a special resolution having been passed by the shareholders of the Company; or (c) an order of the British Columbia Securities Commission or the Exchange, the expiry date shall be the date the director ceases to be a director of the Company. In the event of the death of an option holder, the options shall expire on the first anniversary of the option holder's death.

Vesting

All stock options granted pursuant to the Stock Option Plan are subject to vesting requirements as may be prescribed by the Exchange or as may be imposed by the Board.

Exercise Price

The Board has sole discretion to set the exercise price of a stock option; however the exercise price may not be less than the closing price of the Company's common shares on the day immediately preceding the date of the stock option grant.

Assignability

The options may not be assigned or transferred provided that a personal representative may exercise an option on behalf of an option holder.

Term

The term of any option shall be the date so fixed by the Board at the time the particular option is awarded, provided that such date shall not be later than the fifth anniversary of the award date of such option.

Trading Black Outs

Under the Company's insider trading policies, directors, officers and specified employees are restricted from trading in securities of the Company during periodic trading blackouts imposed by the Company. The Stock Option Plan addresses the situation where an option holder is unable to exercise an option that would otherwise expire during a trading blackout imposed by the Company by providing that the option will continue to be exercisable until the tenth business day following the expiry of the trading blackout.

Amendment Procedures

The Company may amend the Stock Option Plan and the terms of any stock option without shareholder approval, unless shareholder approval is otherwise required by applicable regulatory authorities. Any substantive amendments to the Stock Option Plan shall be subject to the Company first obtaining the

approvals, if required, of the shareholders or disinterested shareholders, as the case may be, of the Company at a general meeting where required by the rules and policies of the Exchange.

Bonuses

The Stock Option Plan includes a provision which would allow the Board to grant stock options to any director or employee, together with a right to be paid, in cash, an amount equal to the exercise price of such stock options. The number of stock options which may be granted under this provision is limited to 1,000,000 within a 12 month period.

Stock Appreciation Rights

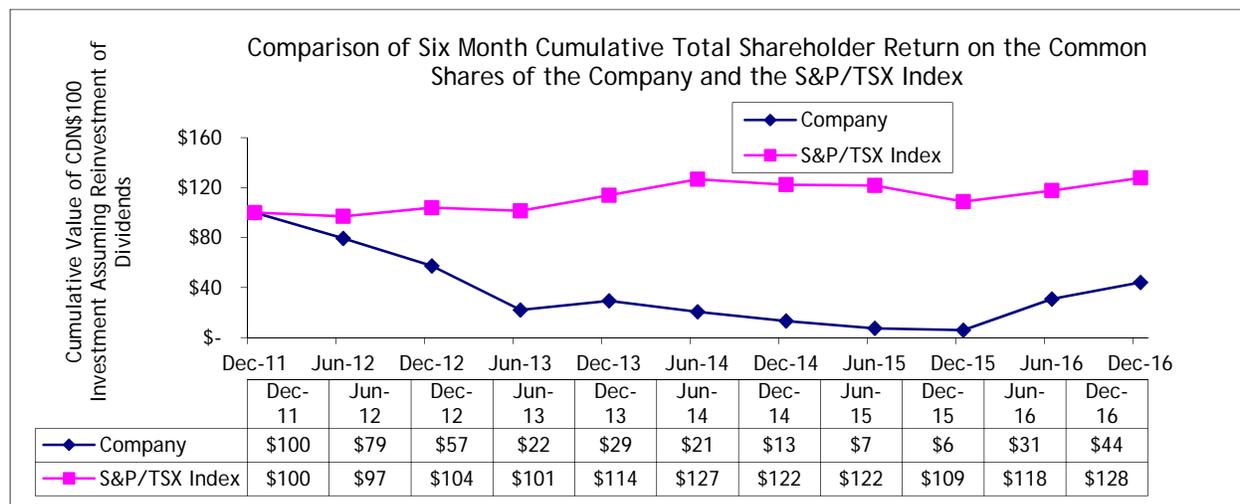

The Stock Option Plan grants the Board the discretion to grant an option holder a corresponding stock appreciation right. This right allows an option holder to surrender a stock option in exchange for that number of common shares having an aggregate value equal to the excess value of one common share over the purchase price per common share specified in such option, multiplied by the number of common shares called for by the option (the value of the common shares shall be based on the weighted average trading price for the five trading days immediately preceding the exercise).

Impact of a Change of Control

If a Change of Control (as defined in the Stock Option Plan) occurs, all shares subject to each outstanding option will become vested, whereupon all options may be exercised in whole or in part by the option holders.

Performance Graph

The common shares of the Company were listed on the Exchange on July 10, 2007. The following graph compares the total cumulative shareholder return for \$100 invested in common shares of the Company from December 31, 2011 and for six months increments thereafter until the end of the Company's last completed financial year with the cumulative total return of the Standard and Poor's TSX Composite Stock Index ("S&P/TSX Index") over the same periods.

The trend on the above graph reflects the trend in the Company's compensation to executive officers reported in this Circular. Since 2008 the executive officers have not received discretionary cash bonuses and are instead granted incentive stock options in order to align their interests with the Company's long-term goals.

(2) Dollar amount based on the grant date fair value of the award for the financial year covered in the table.
(3) Mr. Philpot resigned as Executive Vice President and a director of the Company on September 16, 2016.

In determining the fair value of the options granted, the Company followed the principles established under International Financial Reporting Standards which requires the determination of a fair value of the options granted and use of a risk-free statement rate. The key assumptions are noted below:

Risk free life	0.45% to 0.60%
Expected life	2 to 3.5 years
Expected volatility	90% to 122%
Expected dividend	0%

Option-Based Awards-Fair Value Calculation

The use of option pricing models requires the input of highly objective assumptions including the expected volatility. Changes in the assumptions can materially affect the fair value estimate, and therefore, the models do not necessarily provide a reliable measure of the fair value of the Company's stock options.

All directors attended 100% of the full Board meetings that were held during the year ended December

31, 2016, with the exception of Messrs. Fretwell, Webster and Philpot, who each missed one meeting.

Board Mandate

The Board is in the process of updating the Board mandate, which generally speaking, is to manage and supervise the management of the business and affairs of the Company and to act with a view to the best interest of the Company. The Board oversees the management of the Company's affairs directly and through committees. The Board's responsibilities include, among other matters, reviewing and approving the Company's overall business strategies and annual business plan, reviewing and approving the annual corporate budget and forecast, reviewing and approving significant capital investments outside the approved budget, reviewing major strategic initiatives to ensure that the Company's proposed actions accord with shareholder objectives, and assessing Management's performance against approved business plans and industry standards.

Position Descriptions

The Board, together with the Corporate Secretary and Chief Financial Officer, is continually updating the Board policy manual, which will provide position descriptions for the directors and senior officers of the Company, including in respect of limitations to Management's responsibilities.

Currently, the Board has delegated the day-to-day management of the business and affairs of the Company to the executive officers of the Company, and has adopted a table of delegated authorities. Decisions relating to matters that are not in the ordinary course and that involve material expenditures or commitments on the part of the Company require prior approval of the Board. Any responsibility which is not delegated to Management or a committee of the Board remains with the Board.

Orientation and Continuing Education

The Corporate Governance and Nominating Committee is responsible for ensuring that Management develops an orientation and education program for new members of the Board and an education program for all members of the Board. New directors are provided with an orientation and education program which includes written information about the business and operations of the Company, documents from recent Board meetings, and opportunities for meetings and discussion with senior Management and other directors. The Company will also give tours of its properties to give directors additional insight into the Company's business. In addition, Management of the Company takes steps to ensure that its directors and officers are updated regarding corporate and securities policies which may affect the directors, officers, committee members and the Company as a whole. The Company continually reviews developments in securities rules and policies, and changes or new requirements are brought to the attention of the directors by way of director meetings or in written reports.

Ethical Business Conduct

The Board has adopted an Ethics and Business Conduct policy (the "**Policy**"). Included in this Policy is a whistle blowing policy pursuant to which employees can communicate complaints of alleged violations of law, regulation or internal Company policy. The full text of the Policy is available free of charge to any person on request to the Company at Suite 1280 – 625 Howe Street, Vancouver, British Columbia, V6C 2T6; telephone: 604-682-5546.

In addition, certain of the directors of the Company serve as directors and officers of other companies engaged in similar business activities and therefore it is possible that a conflict may arise between their duties as a director or officer of such other companies and their duties as a director of the Company. The directors of the Company are aware of the existence of laws governing accountability of directors and officers for corporate opportunity and the required disclosure by directors of conflicts of interest and the Company will rely upon such laws in respect of any directors' conflicts of interest or in respect of any breaches of duty by any of its directors. All such conflicts must be disclosed by such directors or officers in accordance with the *Business Corporations Act* (British Columbia).

Corporate Governance and Nominating Committee

For the year ended December 31, 2016, the Corporate Governance and Nominating Committee was comprised of Messrs. Fretwell (Chair), Webster and Kinley. This committee is responsible for identifying new candidates for nomination to the Board.

The Corporate Governance and Nominating Committee develops and monitors the Company's overall approach to corporate governance issues and, subject to approval by the Board, implements and administers a system of corporate governance which reflects superior standards of corporate governance practices. In fulfilling this role, the Corporate Governance and Nominating Committee periodically reviews and assesses the adequacy of the Company's corporate governance principles and develops and recommends to the Board for adoption additional or revised principles as appropriate.

The Corporate Governance and Nominating Committee analyzes and reports to the Board the relationship of each director to the Company and significant shareholders as to whether or not such director is considered "independent" within the meaning of applicable corporate and securities law and policies. The Corporate Governance and Nominating Committee also determines the appropriate committee structure of the Board and advises the Board or any of the committees of the Board of any corporate governance issues which the Corporate Governance and Nominating Committee determines ought to be considered. The Corporate Governance and Nominating Committee reviews with the Board the role of the Board, the terms of reference of each of the committees of the Board and the methods and processes by which the Board fulfills its duties and responsibilities. Finally, the Committee proposes to the Board annually, nominees for election or appointment to the Board to fill Board vacancies and the assignment of members to the committees of the Board and the chair for each committee.

Compensation Committee

For the year ended December 31, 2016, the Compensation Committee members were Messrs. Webster, Haworth (Chair) and Kinley, all of which were independent of this committee. Information on the Compensation Committee is contained in this Circular under the heading "*Executive Compensation*".

Assessment

Currently, the Board works with the Corporate Governance and Nominating Committee to review the effectiveness of its committees and individual directors. The Board intends to implement formal assessment procedures to be carried out on an annual basis, but does not currently have such procedures in place, but will consider implementing one in the future should circumstances warrant.

Term Limits

The Board has not adopted policies imposing an arbitrary term or retirement age limit in connection with individuals nominated for election as directors as it does not believe that such a limit is in the best interests of the Company. The Corporate Governance and Nominating Committee reviews the composition of the Board, including the age and tenure of individual directors. The Board strives to achieve a balance between the desirability to have a depth of industry experience from its members on the one hand and the need for renewal and new perspectives on the other hand.

Gender Diversity

The Board recently adopted a policy to reflect its commitment to diversity and inclusion in all levels in the workplace and on the Board (the "**Diversity Policy**"). The Diversity Policy sets out the guidelines by which the Company and the Board will endeavour to achieve diversity throughout the Company. To this end, the Board is dedicated to cultivating an environment where individual differences are respected, the ability to contribute and access employment opportunities is based on performance, skill and merit, and appropriate attitudes, behaviours and stereotypes are confronted and eliminated. While the Company does not support the adoption of quotas, Management and the Board will consider diversity as an element

of the overall selection criteria of candidates.

The Board will proactively monitor the Company's performance in meeting the standards outlined in the Diversity Policy. As the Diversity Policy was only recently implemented, the Board has not yet had the opportunity to consider the Company's progress on achieving the policy's standards.

The Diversity Policy requires that each year the Company report on the proportion of female and minority personnel in senior executive positions and on the Board in the Company's management information circular. As at December 31, 2016, (a) none of the Company's personnel at the executive management level were female and none of such personnel identified themselves as part of a minority group and (b) the Company's Board did not include any female members and none of the Board members identified themselves as belonging to a minority group.
